# The chapel & crematorium

The chapel seats around 120 people, with standing room for more. TVs are positioned so everyone can see the service. If you prefer a smaller service, internal doors in the chapel can be closed to create a more intimate space.

We offer audio visual for photo presentations and music, web streaming for those who can't attend in person, a comfortable reception area, and a lounge for refreshments.

Our caring team are here to give you, and your funeral director, all the support you need to arrange your loved one's funeral service, memorial gathering and cremation.
